

WOKING DECORATIVE AND FINE ARTS SOCIETY

CHANGE OF MEETING VENUE

Dear Member,

We are writing to advise you that **the Bisley Pavilion** has been closed unexpectedly and hurriedly by the National Rifle Association. We were only told this week and as you can imagine the Committee have expended much energy in trying to find an alternative venue at such short notice. We do not know what led to this other than it was due to a disagreement between the lease holder and the NRA. Their plans for the future may or may not include a conference facility. As a point of interest, Woking DFAS have been meeting at the Bisley Pavilion for 20 years.

We have been able to make arrangements to hold the **April, May and June lectures** at the **Lord Roberts Centre**, which is also on the site at Bisley. The staff we have met at the Lord Roberts Centre are friendly and efficient and the building is modern, clean and well maintained.

The Lord Roberts Centre is easy to find; you drive as normal into the Bisley site, as if you were driving to the Pavilion, but you turn off to your left after the second speed hump. There are large signs to direct you and there is ample parking. Committee Members will be on hand to direct you to the facilities and the lecture hall.

Thank you for your understanding; if you have any questions please ask the Secretary whose contact details are:-

Home phone number :- 01483 474341

E-mail :- mhal@btinternet.com

Yours sincerely,

Malcolm Lee
Woking DFAS Secretary
